Gilbert TEMGOUA DONKOO

Web Developer

After 1 year of self-training and freelance work, I followed the Web Developer course at OpenClassrooms, whose learning method is project-oriented. The six projects carried out have thus enabled me to effectively understand the daily reality of a web developer. I am currently looking for a fully remote junior web developer position to apply my knowledge and skills.

Education

End of training certificate (Web Developer)

From October 2022 to January 2023 [Openclassrooms](#) Online

This training certificate is given pending my appearance before the certification jury.

Data Scientist professional Certificate

From August 2021 to December 2021 [DataCamp](#) Online

[Certificate link](#)

Bachelor's Degree

From October 2013 to July 2018 [University of Dschang](#) Dschang, Cameroun

Bachelor's Degree in Physics

Projects
